* Changes to Supplier Engagement Assessment methodology are in a separate table below the changes to the full questionnaire (page 91)

Overview

This year to ensure maximum stability of the portal, CDP will not be republishing the questionnaire, reporting guidance, and scoring methodology guidance following disclosure launch. Updates to the scoring methodology will only be made where this is necessary to ensure the accuracy and consistency of scoring. This document contains information on issues identified and updates disclosers may need to be aware of when preparing their response.

This document will be updated throughout the disclosure cycle while the portal remains open.

Full Corporate Questionnaire

The table below provides details of updates to the CDP full corporate questionnaire reporting guidance and scoring methodology since they were published in April 2025. Please note, full details of changes to any essential criteria will be indicated in the essential criteria materials available on the [CDP website](#).
